

# All about me

**Name:** Larissa Bright

**Position:** Company Founder and Director  
Diva Cosmetics Pty Limited

**Favourite Essential Oil:** Peppermint is always in my bag (both myself and my daughter suffer travel sickness!) .  
Lavender to deter the bugs when camping.

**Favourite pastime?:** Working with plants to create my favourite lotions and potions.

**Can't live without:** My two kids, Jager (4 years) and Dolma (2 1/2 years)!

**Favourite colour:** Pink (Yes- my daughter talked me into it!)

**Why Diva?:** Because I love all things natural! Mother Nature always gets it right.

**Favourite product:** I have just developed our new Vegan Lip Glaze range ..... I am totally in love with the texture and colours - 100% vegetable based, you can't beat that! Also, our new 100% natural soy candles - infused with pure essentials are to die for.

**Perfect night in:** A sumptuous bath with essential oils, Walnut Body Scrub, beautiful soy candles burning. Followed by a lush Mango and Papaya Moisture treatment.

**How do you manage family and an international company?:** It's a juggling act! My greatest tip is to always totally live in the moment - I am always a mum but during production meetings etc. I lose myself in Diva. I love the varied roles I have and I'm always ready for the next challenge!

**Funniest moment:** Being in a meeting with five male associates, having my three month old demand a feed and simply breast-feeding. It all seemed so natural to me, although a little awkward for everyone else! Dolma really creates some funny moments at Head Office. Children help to remind us not to get too serious in life!

**What does Diva mean to you?:** A great way for women to live freely, develop our unique qualities, share a great natural range and have a ball doing it!

**Your advice to women considering joining Diva:** Just do it! Everyday we have so much fun, meet great women and have a team spirit like no other. We want to move mountains and together we are taking on the world!

**Finally, what is your favourite saying?:** All you need is love!
